

InsulFab
Time-Saving Assembly Solutions
Designed by Engineers for Engineers

InsulFab's Standard Adjustable Low Cost Tooling Line

Adjustable Surface Mount Carrier

- SMT print, placement and reflow
- Prototyping & low volume / conveyor-friendly
- Horizontal and vertical adjustable bars
- Run various PCB's with one fixture
- Adjustable slides with hold downs and pushers
- Material color compatible with SMT optical sensors

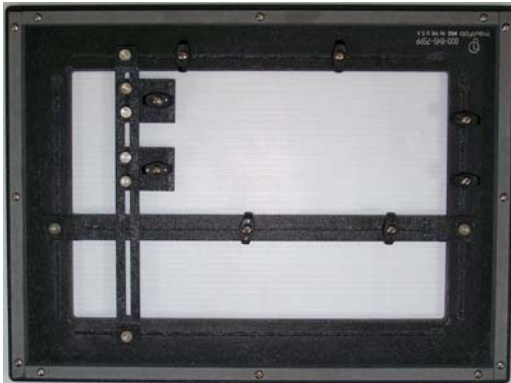

Standard Pricing:

16" x 12" = \$ 415.00

20" x 15" = \$ 454.00

20" x 18" = \$ 497.00

(Pricing based on quantity 3)

Adjustable Wave Solder Tooling

- Offers easy setup and maximum flexibility
- Horizontal and vertical adjustable bars
- Adjustable clamps
- Adjustable slides with clamps

Standard Pricing:

16" x 12" = \$ 297.00

20" x 15" = \$ 366.00

20" x 18" = \$ 398.00

(Pricing based on quantity 3)

Adjustable Process Carrier Tooling

- Conformal Coating, 5DX, AOI, Selective Solder, etc.
- Good solution for holding a variety of circuit boards
- Vertical adjustable bar
- Adjustable clamps
- Perfect for prototyping & low volume

Standard Pricing:

16" x 12" = \$ 178.00

20" x 15" = \$ 190.00

20" x 18" = \$ 226.00

(Pricing based on quantity 3)
